The origins and evolution of scenario techniques in long range business planning

Scenario Planning Wikipedia

Scenario planning, also called scenario thinking or scenario analysis, is a strategic planning method that some organizations use to make flexible

long-term plans. It is in large part an adaptation and generalization of classic methods used by military intelligence.. The original method was that a group of analysts would generate simulation games for policy makers.

Sexuality In Ancient Rome Wikipedia

Sexuality in ancient Rome, and more broadly, sexual attitudes and behaviors in ancient Rome, are indicated by Roman art, literature and inscriptions, and to a lesser extent by archaeological remains such as erotic artifacts and architecture. It has sometimes been assumed that unlimited sexual license was characteristic of ancient Rome; Verstraete and Provenal express the opinion that this ...
