WOA! Economics, Growth, Disparity Of Wealth

The expansion of our wealth is only possible so long as the oil supply continues to expand, says oil expert Dr. Colin Campbell. The financial and investment community is beginning to accept the reality of Peak Oil, which ends the First Half of the Age of Oil, during which banks created capital by lending more than they had on deposit, being confident that tomorrow's expansion, fueled by cheap ...

Peak Oil Wikipedia

Peak oil is the theorized point in time when the maximum rate of extraction of petroleum is reached, after which it is expected to enter terminal decline. Peak oil theory is based on the observed rise, peak, fall, and depletion of aggregate production rate in oil fields over time. It is often confused with oil depletion; however, whereas depletion refers to a period of falling reserves and ...

Subprime Mortgage Crisis Wikipedia

The United States subprime mortgage crisis was a nationwide financial crisis, occurring between 2007 and 2010, that contributed to the U.S. recession of December 2007 – June 2009. It was triggered by a large decline in home prices after the collapse of a housing bubble, leading to mortgage delinquencies and foreclosures and the devaluation of housing-related securities.

WOA! World Population Awareness

Maasai Harmonial Mission: To improve the livelihoods and health of the impoverished pastoral people of Emburbul Village and to empower the girls and women of Emburbul to control their own reproduction, their own lives, and their own bodies. Marie Stopes International Our vision: a world in which every birth is wanted Our mission: children by choice, not chance

How To Survive An Economic Crash Depression Money Needs

In 1933, the U.S. government confiscated all gold coins from American citizens and made it illegal for Americans to own gold. This was done to prevent the people from using gold as a store of value, thus insuring a monopoly for the dollar, maintaining an artificial demand for the currency as it was being transformed to a fiat currency whose ties with real money were being progressively ...

The Silver Bear Cafe Energy

03.07.19- U.S. Will Soon Export More Oil, Liquids Than Saudi Arabia Rystad Energy. In a pivotal geopolitical shift, the United States will soon export more oil and liquids than Saudi Arabia.

Lithium Reserves, Use, Future Demand And Price Energy

A couple of weeks ago, French Environment Minister Nicolas Hulot announced that petrol and diesel car production would cease in France by 2040.

David Korowicz A Study Of Global System Collapse Peak

“We live in a culture that often assumes that being able to conceptualize major change, means such change is possible”. The only changes our culture seem able to conceptualize are those that involve repeating the patterns of the historically recent past.
